EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. David Steuber (Reg. No. 25,557) on April 15, 2005.

2. The application has been amended as follows:

In **claim 1**, line 8, --completely-- has been inserted before "curing".

In **claim 1**, last line, --nonconductive-- has been inserted before "epoxy layer".

In **claim 16**, line 6, --completely-- has been inserted before "curing".

3. The following is an examiner's statement of reasons for allowance:

Claims 1-17 are allowed primarily because the references of record, singly or in combination, cannot anticipate or fairly suggest the following limitations (in combination as recited in claims 1 and 16); applying at least two epoxy layers wherein all of the epoxy layers are completely cured except for the top epoxy layer, which is partially cured; sawing the wafer with the top epoxy layer in the partially cured state; and attaching a dice acquired by the sawing process using the partially cured, top epoxy layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
